Cyber Security Analyst - Full Time Permanent Opportunity

Join one of Australia's leading renewable Energy companies as a Cyber Security Engineer. This company is a leader in generating renewable energy across Australia.

Some key responsibilities:

- Provide timely detection, identification, and alerting of attacks/intrusions, anomalous activities, and misuse activities and distinguish these incidents and events from benign activities.

- Use cyber defence tools for continual monitoring and analysis of systems to identify malicious activity.
- Manage and monitor IDS alerts.
- Perform event correlation using information gathered from a variety of sources within the enterprise to gain situational awareness and determine the effectiveness of an observed attack.)
- Perform cyber defence trend analysis and reporting.
- Characterise and analyse network traffic to identify anomalous activity and potential threats to network resources.
- Coordinate with enterprise-wide cyber defence staff to validate network alerts.
- Maintain a Register and perform Assessments of current cyber threats and events facing the organisation
- Participate in Internal & External audits of all technology environments and provide support to audit plans and activities. This may include engagement of 3rd party suppliers to perform penetration testing activities under supervision and where required managing of resulting audit actions.

To succeed in this position you will have:

- 3-5+ years' experience in the IT security industry
- Knowledge of AESCSF (Australian Energy Sector Cyber Security Framework) is desirable
- Experience in a combination of OT and IT Security is desirable
- Knowledge of cybersecurity and privacy principles.
- Knowledge of computer networking concepts and protocols, and network security

methodologies.

- Knowledge of laws, regulations, policies, and ethics as they relate to cybersecurity and

privacy.

Benefits to the position:

- Flexible work arrangements and CBD/Docklands Location - 2 days in office
- Work for a diverse organisation that takes care of energy services all throughout Victoria
- Be a part of a newly formed team and have the opportunity to excel into a more senior role and grow a team.
- Ability to Purchase Leave
- Employee wellness programs available

At Randstad, we are passionate about providing equal employment opportunities and embracing diversity to the benefit of all. We actively encourage applications from any background.
